Dear Gottlieb:

At last I have gotten around to writing you. Well we finally had a letter from Patterson. He said he could not see how The Satrs had any business trading him. He had left you of his own accord, etc. etc. I wrote him back a nice letter, and I think he will come along. I hope so. He said he could not play until May if at all.

Next please let me know right away, what prices you charge in Wilmington. I want to have tickets made for Trenton. Now conditions in Trenton, 15% park rent, \$20.00 an hour for lights. This will be about \$40.00 I am sure he will take that flat. We pay for the help (very small bill) and balls. I have decided to have all the games for the first half put on one card, and we will pro rate the charge for printing and distributing them. I am also going to send out a letter. The man in Trenton has a very good mailing list of about 3000, all the neighboring towns. We will only send the letter once. I was thinking about asking Green to turn me loose for June 7th in Baltimore, because Montreal is there. If he did I would take The Yankees into Trenton that night. We need two more games with them. It looks like Jackie Robinson is not making much of a hit with Montreal, so we may not have him to bother about. Incidentally have you heard from Partlow yet? I wonder if Green has heard from Campenello.

Next you know we went to Trenton Last 4th of July for a game some group down there plays, and got a flat \$250.00. I do not think we could make it this year from New York, Would you want to take the team you are playing in Philly?

Do we play one game in Philly May 4th. I hope so. Be sure and let me know. Also what time it is.

Do you have anything in mind for May 6th to 11th. I hate being idle that entire week. We could be in Trenton the 8th. I want to get the Trenton dates fixed up, because I want to put the entire schedule in the letter. I think the letter will do a lot of good.

I havent heard from Brady Johnson yet, Not surprised. I will let you know as soon as I do.

I am thinking about asking Mike to use the union stamp on the cards for Trenton. We get more white people there than any place we play. What do you think of this.

Very Truly Yours
